By AGT Group Information Services Department,

- Show that security of information has been provided in line with related laws and regulations in our company,
- Protect the reliability and corporate reputation of our company,
- Provide the accessibility, integrity and privacy of the information in desired level for our company,
- Provide security for corporate knowhow in desired level in our company,
- Create awareness of information security among employees, inform users about information security obligations and encourage them to practice in our company,
- Ensure main and supportive activities continue with fewest interruption in our company,
- Manage risks and opportunities related to our business processes,
- Support and execute necessary precautions and sanctions in security violation as management of our company,
- Provide constant improvement for the information security management system in our company,

In order to implement above stated issues, "Information Security Policy" entered into force with the management approval.

AGT BOARD OF DIRECTORS
